WINEMAKER OF THE YEAR OUR FIRST FOUR FINALISTS

WINE COUNTRY COONAWARRA

A SOUTH AUSTRALIAN FAVOURITE, HOME TO MORE THAN 70 CELLAR DOORS.

RYMILL COONAWARRA

The Rymill family's path was forged more than 120 years ago when John Riddoch founded Coonawarra in 1890. Five generations later, John Rymill follows in his great-great grandfather's footsteps, proudly producing wines at the family owned winery, Rymill Coonawarra.

The winery's philosophy is to make wines of finesse, power and balance only from estate-grown fruit. Their wines embody the hard work and care taken in the vineyards to protect the vines and produce healthy and robust grapes.

Visit the unique cellar and enjoy a behind-the-scenes experience of the sights, sounds and scents of a working winery, whilst sampling an exceptional range of sustainably produced wines. Enjoy breathtaking views of the vineyards and uncover more about the rich history of Coonawarra's founding family.

Rymill Coonawarra now offers a 'build-your-own' produce platter at its friendly cellar door. Select your gourmet fare and enjoy it with a glass of wine while relaxing on a lawn bathed in sunshine, or in the comfort of the charming cellar door.

HIGHBANK

Located in the heart of Coonawarra, visitors are invited to spend time in the very private vineyard of Highbank and sample some of the best from the region's artisan winemakers.

Highbank is a home away from home and offers a perfect setting to experience a winemaker's lifestyle. Relax in front of a log fire and sip stunning Highbank wines created from the organically farmed vines growing just a stone's throw away. Take a stroll next door and explore the neighbouring world-class producers in the renowned and historic region. American wine guru Robert M. Parker Jr named Highbank's Bordeaux-inspired blend "the Leoville Las Cases of Australia" and believes Highbank crafts "outstanding wines of exceptional complexity and character."

Max Allen, one of Australia's most influential wine writers, says "Highbank produces some of the region's most refined, elegant and age-worthy wines."

The cellar door is open by appointment. Wines are primarily sold to the finest restaurants in Australian capital cities, and in the last 20 years Highbank has exported wines to 15 countries.
